STUDENT ASSISTANT POSITION (M/W)

AUTOMATED ASSEMBLY OF OPTICAL SYSTEMS

The aim of this work is to help the development of novel production machine equipment for automated precision assembly of optical systems. This can include feasibility studies or transferring the assembly task into a specific machine module.

Your Task

- Planning and setup of feasibility studies
- Execution and analysis of feasibility studies
- Programming of image processing routines in OpenCV

Your Skills

- You study Mechanical Engineering, Mechatronics, Electrical Engineering or Similar
- You do have extended knowledge in Mechanics and Control Engineering or Programming (Python)
- You are curious, take initiative and show responsibility
- You are fluent in English and/or German

We Offer

- First-hand practice experience alongside your studies
- Flexible working hours and clearly defined tasks
- An ideal environment for top-notch research
